

Bronze Award

Professor Jim Dowsett, Chairman of our 1985 Collections Committee for the United Way Campaign, represented The University of Winnipeg at the Awards Luncheon and Annual Meeting Friday, March 7 at the Westin Hotel.

The employees of The University of Winnipeg qualified for a Bronze Award recognizing their contributions to the 1985 United Way Campaign. The plaque has been placed in the Display case just after the entrance to Centennial Hall (east wall).

CPAM

One of the most successful programs offered by the Division of Continuing Education is the Certificate Program in Administrative Management (CPAM). Over 200 students are currently enrolled in this part-time studies program, which combines both credit and non-credit course requirements in areas such as communication, management, information systems and organizational psychology and sociology.

The main attraction of CPAM is that it enables participants to obtain the desirable combination of education and practical work experience which is essential for success in today's competitive workplace. CPAM students acquire the knowledge, skills and attitudes necessary for effective and efficient performance of first level supervisors, administrators and managers.

According to Continuing Education Program Officer, Barb Spence, "There has been a remarkable increase in interest in CPAM in the last year, which indicates that there may well be a need for certificate

programs in other fields as well". One of the major objectives of the Division of Continuing Education is to identify the needs in the community and to provide educational alternatives to meet those needs.

The success and popularity of the Certificate Program in Administrative Management is a good indication that Continuing Education is fulfilling its mandate.

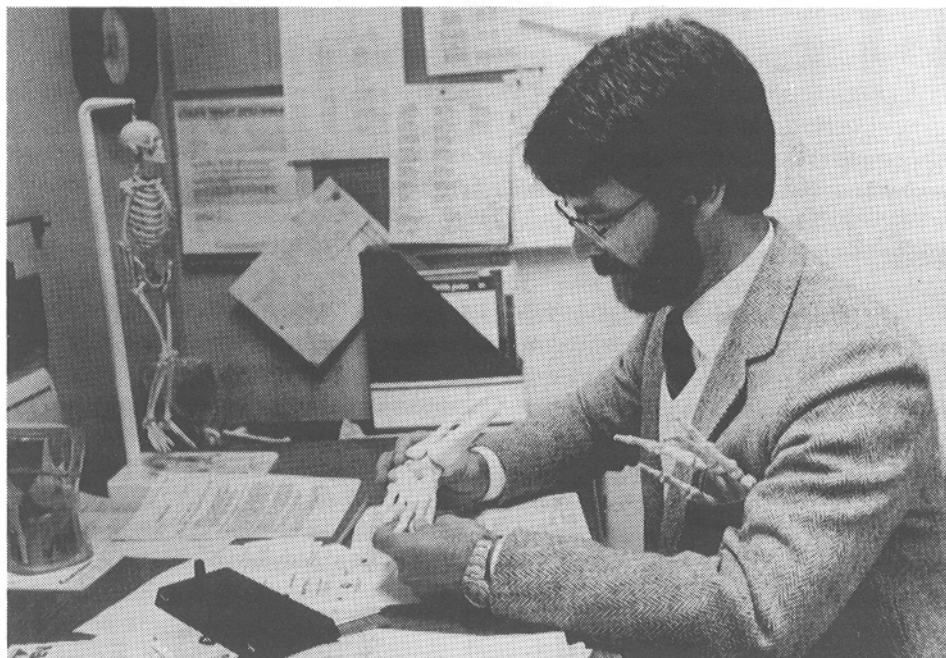

Parent/Student Forums

On the evenings of February 24, 25 and 26, the Admissions Office hosted the annual Parent/Student Forums. Approximately 450 Winnipeg-area Grade 12 students accepted invitations to attend the event. Many were accompanied by parents and friends.

Each evening began with a short, formal session. Dr. Farquhar welcomed those in attendance and outlined the value of a liberal arts education and the goals of the University of Winnipeg. Faculty members representing the Humanities, Social Sciences, Natural Sciences and Education then gave short presentations on the nature of their respective discipline areas.

Following the formal session, the students and parents had the opportunity to speak informally with representatives of each University department and major. They were also able to receive information regarding admission, entrance scholarships, financial assistance and registration. This year, for the first time, the counselling sessions were held in the open area of the Athletic Centre.

The Parent/Student Forum is one of the University's most significant high school liaison events. It has encouraged many students to consider seriously the possibility of attending the University of Winnipeg. It has proved to be especially influential with entrance scholarship winners.

Glen Bergeron's job is a pain in the neck. Well, not exactly. As Director of The University of Winnipeg Athletic Therapy Clinic, Glen treats neck pains, leg pains, and an assortment of muscular maladjustments.

Glen grew up in St. Boniface, participating in many of the community's athletic programs. While attending St. Boniface Diocesan High School, he coached varsity girls' volleyball and basketball, and played on the varsity boys' volleyball team. Glen's interest in sports continued throughout university — he earned a Phys Ed. degree from the University of Manitoba in 1973. "I became involved in sports medicine and liked it" Glen said. He went on to earn his Master's degree in Sports Medicine at the University of Alberta in 1976.

Glen worked as a therapist at the Summer Olympics in Montreal before returning to Winnipeg to take the position as Director of Winnipeg's first Fit Stop. When the position of Athletic Therapist became available at The University of Winnipeg, Glen accepted it with enthusiasm. "It's a great place to work", he said. "There aren't many universities that offer an opportunity to meet so many people on campus".

Last year, Glen went on a sabbatical to study toward a Ph.D. in anatomy at the University of Manitoba. In reference to his main area of research, knee related pain, he said, "It is a common problem, and is frustrating to treat. Surgery is often required". More recently, Glen has been busy at the Therapy Clinic, where 35-40 persons are treated per day. "We have a beautiful facility within the Athletic Centre", Glen said. "It's probably the best in the country in terms of the physical plant".

Glen says the Therapy Clinic has taken on a heavy community involvement commitment. "We've generated \$77,000 for community programming to be run through the Therapy Clinic", he said. The Manitoba Sports Federation granted \$31,000 for the purchase and conversion of a van to operate as a first-aid station at community sports events. "The community will know that The University of Winnipeg is at the forefront of our program", he said. "We have a high profile".

Faculty / Staff Activity

John VanderStoel is a busy man these days, spending half his time in his office in the Collegiate and the other half in his office in Continuing Education. The staff of Continuing Education is looking forward to May 1st when, after 13 years as Dean of the Collegiate, Dr. VanderStoel officially takes his place as the new Director of the Division of Continuing Education.

Donald A. Bailey (History) recently had an article published in *Canadian Ethnic Studies*, XVII, 3(1985), pp.100-19. Entitled "The French Presence in Canada: The Case for Optimism", it is in fact a comparison of language retention among Canada's eight largest ethnic groups (as of 1981) from 1871 to the present.

Foreign Service Examination Seminars

M. Barry Yeates, President of Foreign Service Examination and Career Counselling, will give a free lecture to introduce his seminar service. The service was developed for those wishing to better prepare for the Foreign Service Examination. The free introductory lecture will be held March 15, 10:00 a.m. — 11:30 a.m. in Room 2 A/C 11 (Athletic Centre). University of Winnipeg students, faculty and staff are invited to investigate the course before deciding whether to attend the subsequent paid session at the University of Manitoba, (March 15, 1:30-3:30 p.m. and March 16, 9:30-3:00 p.m.). The fee structure for the seminar is: \$85.00 for University of Winnipeg students, and \$115.00 (tax deductible) for non-students. Participants may register for the seminar after the free lecture or before the paid session.

Board Highlights

President's Report

Items included in the report were: the February COPUM meeting, decisions from the February Senate meeting, and coming events.

Report of the Faculty of Theology

It was moved (Purves/McPherson) that: —

- i) the Board accept the Report of the Commission on the Faculty of Theology dated December 1985, and record its appreciation for the excellent manner in which the Commission discharged its mandate; and that
- ii) the Board re-affirms its responsibility for the Faculty of Theology within the University of Winnipeg.

.... carried

Committee Reports

a) Development

It was moved (Batzel/Purves) that: —

Ketchum Canada Inc., fund-raising consultants, be retained for a fee of \$16,000 to conduct a campaign feasibility study and to advise the Development Committee in preparation for the major campaign.

.... carried

It was moved (McKinnon/J. MacDonald) that: —

the University be authorized to participate in the co-operative Development Project with Western Canadian United Church institutions at a cost not to exceed \$12,000, and the Development Committee monitor the progress of the project and report back to the Board after the first year.

.... carried

b) Pension Committee

The report of the Pension Committee was received for information.

c) Library Board

The report of the Library Board was received for information.

Selection Committee — Rogers Award

Following the Senate's recommendation for membership, it was moved (Purves/J. MacDonald) that: —

the composition for the Selection Committee for the Rogers Award for Excellence in Research and Scholarship be established as recommended by Senate and that the President be authorized to nominate the two Board representatives.

.... carried

Establishment of Committees

At its meeting on February 24, the Board of Regents approved the President's recommendation to establish the following three committees:

1) Search Committee for Dean of Collegiate —

Since John Vander Stoel has been appointed Director of Continuing Education, this Committee has been established according to past practise comprising membership as follows:

- one member of the Board of Regents, appointed by the Board
- one member of the Senate, appointed by Senate
- two representatives of the Collegiate Faculty, appointed by the Collegiate Faculty Council
- one representative of Collegiate Students, appointed by the University of Winnipeg Collegiate Students' Association
- the President as Chairman

2) Appointment Committee for Dean of Arts and Science —

Since next year is the final year in Dr. McIntyre's current five-year term as Dean of Arts and Science and it is also the final year in the current five-year terms of the Associate Deans of Arts and Science, decisions about the appointments of Associate Deans of Arts and Science for the following period should be made this fall and a decision about the Dean of Arts and Science for the follow-

ing five-year period should be made this spring. This Committee has been established according to past practise comprising membership as follows:

- two members of the Board of Regents, appointed by the Board
- four members of the Senate, appointed by Senate
- four members of the Faculty Council of Arts and Science, appointed by F.C.A.S.
- two students who are studying in the Faculty of Arts and Science, appointed by the University of Winnipeg Students' Association
- the President as Chairman

3) Search Committee for Vice-President (Administration) —

Dr. Clake has confirmed his intention to retire on August 31, 1987. Because it is important that his successor be named prior to next Christmas, because it seems important to include external advertising in the procedures to be followed, and because the Search Committee should meet prior to advertising in order to establish procedures, it is desirable that the Committee begin its work as soon as possible. This Committee has been established according to past practise comprising membership as follows:

- four members of the Board of Regents, appointed by the Board
- two members of Senate, appointed by Senate
- one representative of the student body, appointed by the University of Winnipeg Students' Association
- five representatives from groups for which the Vice-President (Administration) has overall responsibility
- the President as Chairman

The establishment of a Selection Committee for Dean of Theology has also been approved by the Board, at a previous meeting, since Harold King's initial one-year term comes to an end this August. Its membership is also consistent with past practise.

COMING EVENTS

■ **March 14** — "Plays and Playwrights in African Theatre" — a lecture by George Serembo — 12:30 p.m. in Room 1L06

■ Eleanor Gang (soprano) and Andrew MacDonald (guitarist) — a special program of twentieth century songs, some based on the poetry of Thomas Hardy and W.B. Yeats, with music composed by Elliott Carter, Nicholas Maw, and Andrew MacDonald — 12:30 p.m. in Room 3C00.
